

## *Get Soaked in GOD's love!*

*There are always those moments in life when GOD's love truly intoxicates our being and when that happens we can't help but feel the glowing warmth of faith within us! As believers, we know how our day should begin and how it should end. Our focus should always be on the LORD for it is He who saved us from the crippling sins. The flowing of His pure blood and His death on the cross brought redemption to all lives who believe in Him. It is my hope that each one of us can find the time to simply take that needed pause in life and commune with the One Most High. He is deserving of our attention and respect. We should not only remember Him during times of need. Get to know Him and experience a joyful heart and peaceful mind. These, of course, are always for the taking at no cost to us.*
