

Praise and Glorify Him... LORD of all, He is

Let's meet together as one under the blood of JESUS
One mind, one heart in His name
Our sufferings He bore when He was nailed on the Cross
He had done so as He loves us the most

Together, let us praise and give Him glory
Son of GOD, He is
Creator and savior, He's full of mercy
Loving GOD and LORD of the universe

Oh, how His eyes endearingly behold us
In His embrace we are secure
His tender ways can't be surpassed
In His fold all lives are cared for

LORD of all, He is!
Mighty GOD – there's no one else
GOD of power and might –
Creator of the universe
He holds the beams of heaven and earth in His hands
The Pleiades and Orion He had made
He can bind their chains and loosen their chords anytime He wants
His living breath is in each and every man
No one is as strong as He

Creator of the world, Mighty King of all
How He makes our lives full
Loving Him is all we can do
Obeying and following Him true

Believing and trusting Him make life new
His love for all is pure and true
Without Him – what can we do?

We're nothing in this world without GOD's love
Without His guidance, direction and touch
We just can't last
Against the tortures of this world, He makes us strong
Able to stand against the throng of wrongs
Praying to Him when woes surround
Brings us to His path where we can't be bound
Except by His love lasting and pure
With His presence, the ailments of this world we can endure
The lures of the enemy are no match to Him
His ways are pure, His power never dims
To follow Him is finding Life and Truth
He, the Living Truth, gives freedom for all eternity.

So praise Him! Glorify Him! Honor the GOD who lives forever!
Release the bondage that makes us cower in woes and fear
Search for His face in darkened paths
And the way will be lightened by His grace
Illumined by the Holiness of His breath and power
He owns the world and everything in it
To Him is glory forever and ever!
LORD of all, He is!
