

Shielded by Faith

We need to remember always that God empowers us with a love that is ever refreshing and unceasing. His love gives encouragement during oppressions. The trials we face are no match for us to confront alone. We need to hang on to the truth that GOD empowers us with a love that is ever present during times of predicaments. It comes at no cost but by true faith in Him.

The help of the HOLY SPIRIT makes us rise above every trial. Without His guidance and direction, we lack an effective weapon to confront the enemies' tactics. The presence of GOD's HOLY SPIRIT is our protection and security from the deluge of sufferings. But He can only shield us when we know Him. We can only be protected when we allow Him to come into our heart. The HOLY SPIRIT speaks of GOD's Truth and clinging to the Truth He brings releases us from the hold of Satan

We can cast aside provoking thoughts that will misalign our walk with GOD by listening to the Truth. Digesting it day by day is the most effective way against Satan's lures. We need to give every effort to cling on to GOD's righteousness because Satan wants to damage that special relationship with the LORD JESUS, who is GOD Himself. When we are with the LORD, we'll be alienated from sin because there won't be any succumbing to wrongdoings regardless of the enemies' attacks. This means always opening a path to receive GOD's truth into our heart. GOD gives us strength to withstand ongoing challenges. Adhering to His truth makes us steadfast in our walk with Him.

We need to immediately call on the HOLY SPIRIT and pray for protection, guidance and direction the minute we see or sense any deviation from GOD's path happening. Listening to His promptings will not get us lost, confused or dissuaded to go the other way. Our obedience to GOD will never be at risk if we are secured in our faith in GOD. Knowing His truth makes us powerful to resist any enticements.

We exist because of the LORD GOD ALMIGHTY. With Him, there is nothing more powerful. As long as we walk with Him hand in hand and our faith is solid in His name, that lifetime protection is as effective as it can be.
